New Leadership for ETUG

Cross-post by BCcampus' editorial team. The Educational Technology Users Group (ETUG) story began in 1994, and today marks the start of a

new chapter for this grassroots community. At a small ceremony in the Victoria office of BCcampus, we thanked co-chairs Janine Hirtz, Senior Educational Consultant in the Centre for Teaching and Learning at the University of British Columbia Okanagan, ...

Building relationships at FoL 2018

For those of us lucky enough to attend the Festival of Learning in May, we all left with a new appreciation of how to look after each other and ourselves in this increasingly complex world.

[Read more here from BCcampus](#). Cross-post by BCcampus' editorial team.

And the winner is... Laura MacKay!

Congratulations to Laura MacKay of Capilano University for winning the grand prize (a \$75 gift card from Best Buy) at the recent FoL ETUG Social Scavenger Hunt. Thanks to everyone who participated and helped make this contest a success!

[Institutional Update] Vancouver Island University

Contributed by Liesel Knaack, VIU
Introduction My name is Liesel Knaack and I am the director of the teaching and learning centre (Centre for Innovation and Excellence in Learning). I arrived in July 2010 when the educational technology staff, online learning team and teaching and learning supports came together into one central support unit with the new director position. About ...

[Member Profile] Meet Youdan Zhang from BCIT

Contributed by Bonnie Johnston, BCIT I am an Instructional Development Consultant in BCIT's Learning and Teaching Centre. I work directly with the faculty and staff in BCIT's six schools to create new programs, develop courses and review curriculum and existing programs. I have been involved with teaching and learning since 1991 and I got intensely involved with educational technology when ...

Microlearn at JIBC

Contributed by Melanie Meyers, JIBC
The Foundations to Medical
Emergency Services microlearn

course was created to provide an innovative curriculum digitization model to meet a growing labour market demand within healthcare for Paramedics. The development of the Online Foundations to Emergency Medical Services (FEMS) was a collaborative effort involving the JIBC project team, Huu-ay-aht First Nations community, Elders and was ...
